

Note how where you sit, is also where you pass. If you sit in front left position #1, you pass to front left position. The same goes for every other position.

There are some special rules, if you are #4, you pass first to whomever is presiding, usually the bishop. It could also be a member of the stake presidency if they are attending. Then you pass to everyone on the stand before you pass to the front right. Also #1 and #4 do the foyers.
